## 8 July 2022

## Summer 2022

We are now only two weeks away from the end of term! Where did the summer term go? I am sure you will agree that it has been so wonderful to see the children out and about once more and taking part in all the opportunities in the local community.

I want to say a huge thank you and goodbye to our wonderful Mrs Toms who is retiring at the end of term. Mrs Toms is an integral part of our Newlyn Team and has supported children as they go through school, especially in Year 5 and Year 6. She will be hugely missed but we wish her lots of relaxation and peace in her retirement.

### Foundation Stage Trip

Our youngest children were lucky enough to go on a coach to Dairy Land. Thankfully, the sun shone for them. They really enjoyed the whole day, especially petting the animals. There were some very tired children and staff that evening!

### Mazy Day

A huge thank you to all our wonderful staff, parents and children who supported the school at Mazy Day.

It was so wonderful to see the local community back together once more but especially good to see our school band performing!

### Science Week

We have celebrated science this week. The children have conducted a number of different hands on experiments and investigations and have thoroughly enjoyed it. A big thank you to the staff and Miss Rollason for organizing it. The birds of prey display was a particular highlight!

Being the best we can be

### Leavers' Service and Show

Our Year 6 show and Leavers' Service will take place on Thursday 21st July, 4pm-5.30pm. All Year 6 parents are invited.

### Class 2/3 Science

We had fun on Friday with an investigation to find the best material for a balloon rocket to shoot along. When it worked it really did shoot off like a rocket and their were shrieks of excitement!

### Y2/3 Science

Our Y2/3 children really enjoyed their melting ice experiment. They had one control and the others were coated in salt, sand or sugar to see which would melt the quickest.

### Y6 Trip to Morrab Library

Year 6 were invited to visit Morrab library as part of their 'Penwith Futures' book project. The library is hidden away in the gardens and full of old and unique books. Not only did Year 6 find stacks of interesting reads (from Japanese dictionaries to Cornish folk tales), but we got a beautiful walk in the sun there and back. Year 6 were incredibly conscientious and, as always, represented Newlyn school wonderfully.

Morrab library is still taking entries for their Futures Book and are keen for our children's voices to be part of the project. More can be found at their website <https://morrablibrary.org.uk/penwith-futuresbook/>

### Invitation and Date for Diary

We warmly welcome you to come into school on **Friday, September 16th from 2pm**. We would like you to visit your child's class and meet the teacher as we feel that this is something we have all missed during the pandemic. FONs are kindly offering to provide hot drinks and cake if you also fancy meeting up with other parents in the hall. Cake donations would be gratefully received.

### Term dates:

Last day of summer term: Friday 22nd July, **1pm finish.**

First day back for children: Wednesday September 7th

### Foundation Stage Science

The children loved exploring the properties of material and making a shelter for poor Incy Wincy Spider. They also had a go at food tasting and identifying whether it tasted sweet or bitter or salty.

### Y4 Science

Year 4 spent the morning exploring the wild life area at school looking for living things in our local area.

### Y4 Trip to Humphry Davy

Year 4 had a fabulous morning at Humphry Davy School. They were given the opportunity to create their own short film and thoroughly enjoyed getting dressed up for their roles. They also followed a recipe to make fruit frisbees!

### Attendance Matters!

Congratulations to Year 5 who achieved 98.9% attendance for last week.

### Headteacher Award

A huge congratulations to the children who achieved the award last week.

## Academic Year 2021/2022

	<b>Start of Term 6</b>
